

BE2003021M BI Oven

Expert, even results from a professional oven

The MaxiKlasse™ oven combines advanced features to ensure you can cook each dish evenly, and achieve the perfect colour and crust.

Higher performance and more energy efficient

The clever ThermiC*Air convection system ensures hot air circulates evenly throughout the oven cavity, for a cooking process that is faster, and more energy efficient.

An at-a-glance overview of the status of your dish

Check on the progress of your dish using the clear UniSight™ timer display. It gives you an at-a-glance overview of the status of the cooking process.
